### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors  
Main Line Rescue, Inc.  
Chester Springs, Pennsylvania

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of Main Line Rescue, Inc. as of December 31, 2016 and 2015, and its support and revenue and expenses during the years then ended in accordance with the modified cash basis of accounting described in Note A.

***Basis of Accounting***

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**MAIN LINE RESCUE, INC.**  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016 AND 2015

---

**NOTE A - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Activities**

Main Line Rescue, Inc. (the "Organization"), a Pennsylvania nonprofit corporation, specializes in the rescue and placement of abused, unwanted and abandoned companion animals. The Organization never discriminates on the basis of health, age, or breed. By involving and educating the community, the Organization works to raise the public's awareness of the plight of homeless animals as well as to realize the benefits of adopting an animal in need. The animals are examined, vaccinated, spayed or neutered and receive any and all medical treatment before they are placed in carefully screened homes. During 2016 and 2015, volunteers contributed over 73,000 hours and over 65,000 hours of service to the Organization, respectively.

**Basis of Accounting**

The Organization maintains its records on the modified cash basis. On this basis:

- Revenues are recognized when collected rather than when earned, and expenditures are generally recognized when paid rather than when incurred. Consequently, receivables, accounts payable and accrued expenses are not included.
- If an expenditure results in the acquisition of an asset having an estimated useful life which extends substantially beyond the year of acquisition, the expenditure is capitalized and depreciated or amortized over the estimated useful life of the asset.

**Financial Statement Presentation**

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

*Unrestricted net assets* are available for use by the Organization at the discretion of the Board of Directors. If the Board specifies a purpose where the original donor has stated none, such funds are classified as Board designated unrestricted net assets.

*Temporarily restricted net assets* are available for use by the Organization for the purpose specified by the donor at the time of donation.

*Permanently restricted net assets* are those that the donor stipulates must be maintained by the Organization in perpetuity.

**Contributions**

All contributions are considered available for unrestricted use, unless specifically designated by the donor.

**NOTE A - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Inventories**

Inventories, which are carried at cost, consist of merchandise sold by the Organization.

**Building and Equipment**

Building and equipment are stated at cost. Depreciation is calculated by the straight-line method over the estimated useful life of the assets as follows:

	<u>Years</u>
Building	39
Vehicle and equipment	5-7

**Investments**

Investments consist of mutual funds and publicly traded equity securities and are reported at their fair values. Unrealized gains and losses are included in investment income.

**Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Advertising Costs**

Advertising costs are expensed as incurred. Total advertising expenses were \$81,020 and \$63,159 for the years ended December 31, 2016 and 2015, respectively.

**Income Taxes**

The Organization is exempt from income taxes as provided in Section 501(c)(3) of the Internal Revenue Code.

**Intangible Assets**

Intangible assets have a definite life and are amortized over the estimated useful lives.

**Date of Management's Review**

Management has evaluated subsequent events through June 5, 2017, the date which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2016 AND 2015

---

**NOTE B - CASH**

At December 31, 2016 and 2015, account balances were not in excess of federally insured limits.

**NOTE C - INVESTMENTS AND ENDOWMENT FUNDS**

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

*Level 1* inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access. *Level 2* inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. *Level 3* inputs are unobservable inputs based on the assumptions used to measure assets and liabilities at fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets of the Organization for which fair values are determined on a recurring basis are summarized as follows:

	Level 1 Fair Value	
	2016	2015
Balanced mutual funds	\$ 608,653	\$ 551,094

The above investments are not subject to FDIC insurance coverage. Unrealized gains (loss) were \$34,742 and \$(61,553) for the years ended December 31, 2016 and 2015, respectively, and included in investment income in the statements of support and revenue, expenses and changes in net assets--modified cash basis. Interest, dividends and realized gains (loss) were \$25,147 and \$66,841 for the years ended December 31, 2016 and 2015, respectively.

The Organization received donated securities in the amount of \$370,073 and \$157,795 for the years ended December 31, 2016 and 2015, respectively. The securities were recorded at fair market value based on Level 1 quoted market prices. Subsequently, and in accordance with board policy, all investments held by the Organization were sold.

**Unrestricted Board-Designated Endowments**

The Board of Directors has designated \$141,327 (2016) and \$129,938 (2015) of investments to function as an endowment. These assets are transferred to operations at the discretion of the Board.

DESIGNATED INVESTMENTS AT BEGINNING OF YEAR	\$ 129,938
Investment income	<u>11,389</u>
DESIGNATED INVESTMENTS AT END OF YEAR	<u><u>\$ 141,327</u></u>

**Investment Return Objectives, Risk Parameters, Strategies and Spending Policies for Endowment Funds**

The Organization's investment policy attempts to maximize total return consistent with an acceptable level of risk. Endowment funds are managed by the Endowment Committee of the Board of Directors, which has elected to be invested with the objective of preserving the long-term, real purchasing power of assets while providing a relatively predictable and growing stream of annual distributions in support of the Organization. The investment portfolio is actively managed on a total return based spending policy, meaning that it will fund distributions from net investment income, net realized capital gains and proceeds from the sale of investments. Endowment assets may be invested in fixed income and equity securities. Endowment funds may be invested up to 70% in equity securities and 30% in fixed income funds. The average market-weighted quality rating of the fixed income portfolio will be maintained at investment grade Standard & Poor's BBB or Moody's Baa or higher.

The Organization has a spending policy of appropriating funds from its endowment funds as needed for reinvestment into the endowment fund or spending for capital improvements, special projects, or program operations. The Organization's distribution of fund assets will be permitted to the extent that such distributions do not exceed a level of 5% annually. At the present time, the Committee recommends a distribution of 4%. Any additional distributions require written consent from the Board of Directors and concurrence of the Endowment Committee of the Board of Directors.
